

## UC Total and Campus-by-Campus data on Management Growth 1991-2012

Compiled by Charles Schwartz, UC Berkeley, January 30, 2013  
from data available at <http://www.ucop.edu/ucophome/uwnews/stat/>

In the graphs that follow:

“Total” Employment numbers have been scaled to match Management at 1991.

“Management” means the employment category:

SMG & MSP (Senior Management Group & Management and Senior Professionals)

“FTE” means Full-Time Equivalent positions

This data excludes DOE Laboratories but includes UC Medical Centers

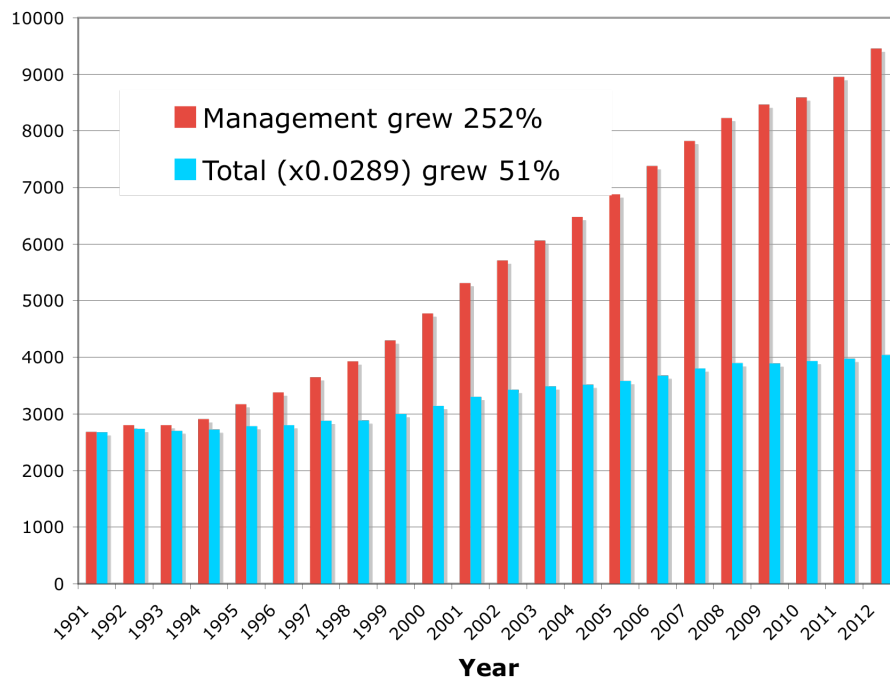

UC OP means University of California Office of the President

For an earlier analysis that looked at only the General Campus (not Health Sciences) sector of UC and each campus, for the time period 1996-2006, see

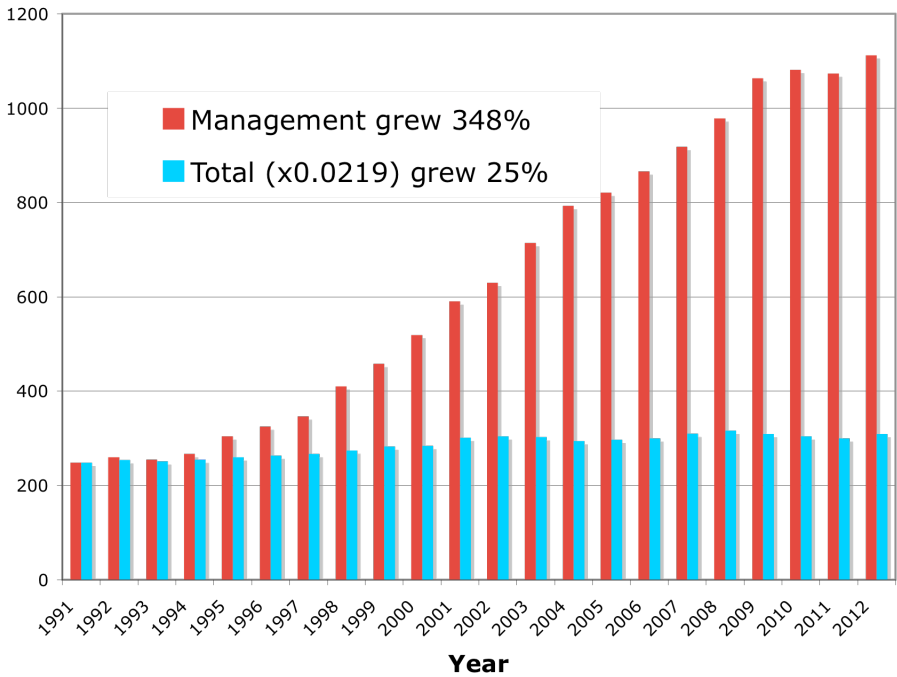

[http://socrates.berkeley.edu/~schwartz/Part\\_14.html](http://socrates.berkeley.edu/~schwartz/Part_14.html)

For a more recent discussion, see <http://UniversityProbe.org> for March 2011

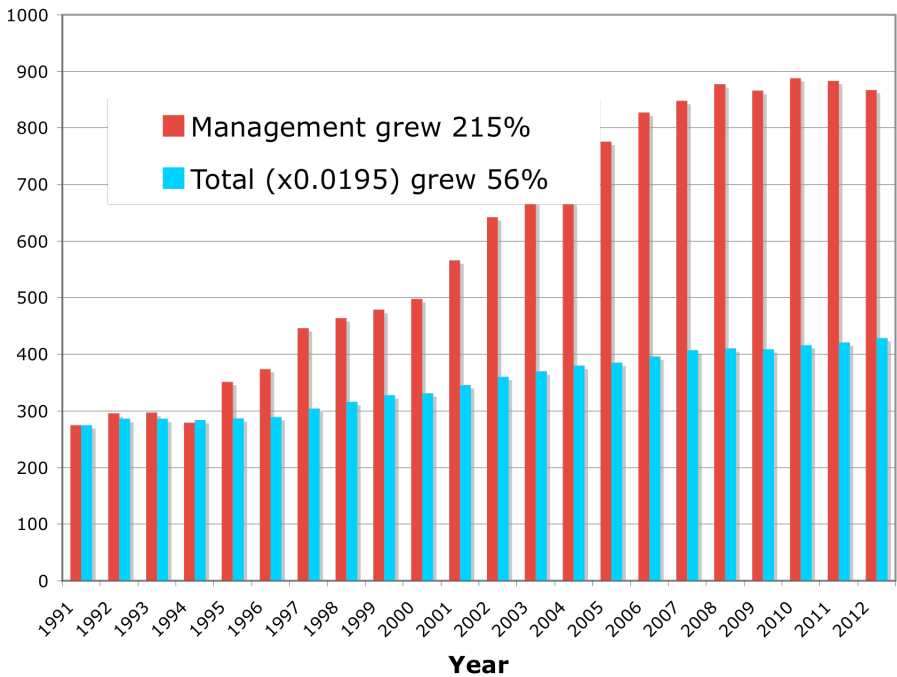

### Growth in Employment (FTE) for all of UC

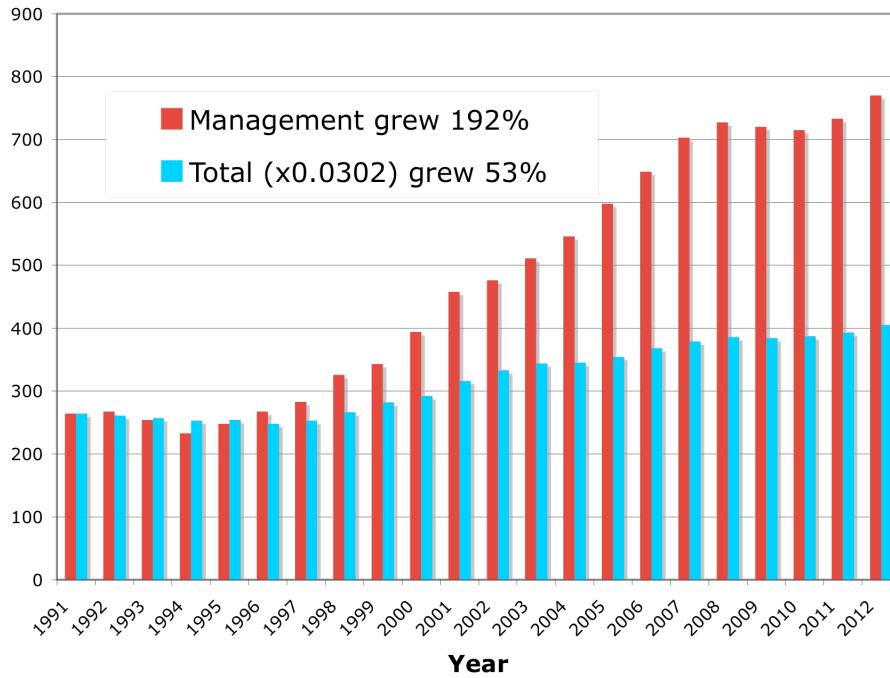

**Growth in Employment (FTE) for UC Berkeley**

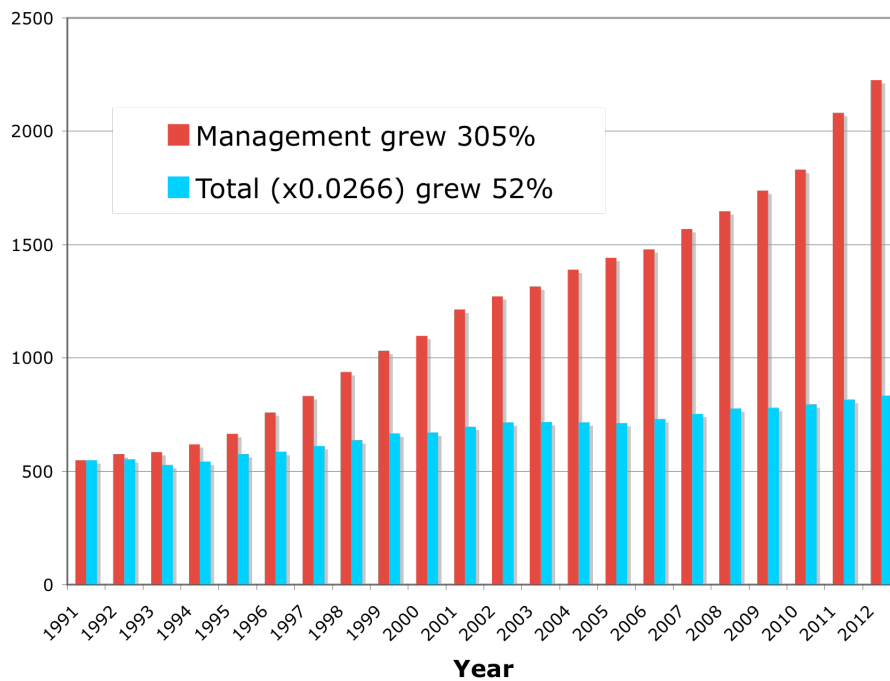

**Growth in Employment (FTE) for UC Davis**

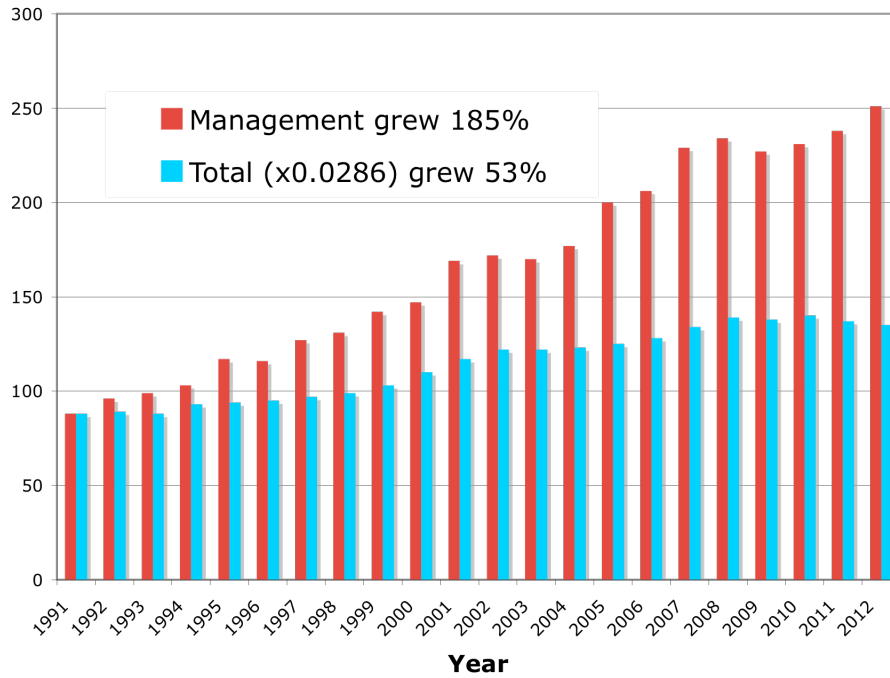

### Growth in Employment (FTE) for UC Irvine

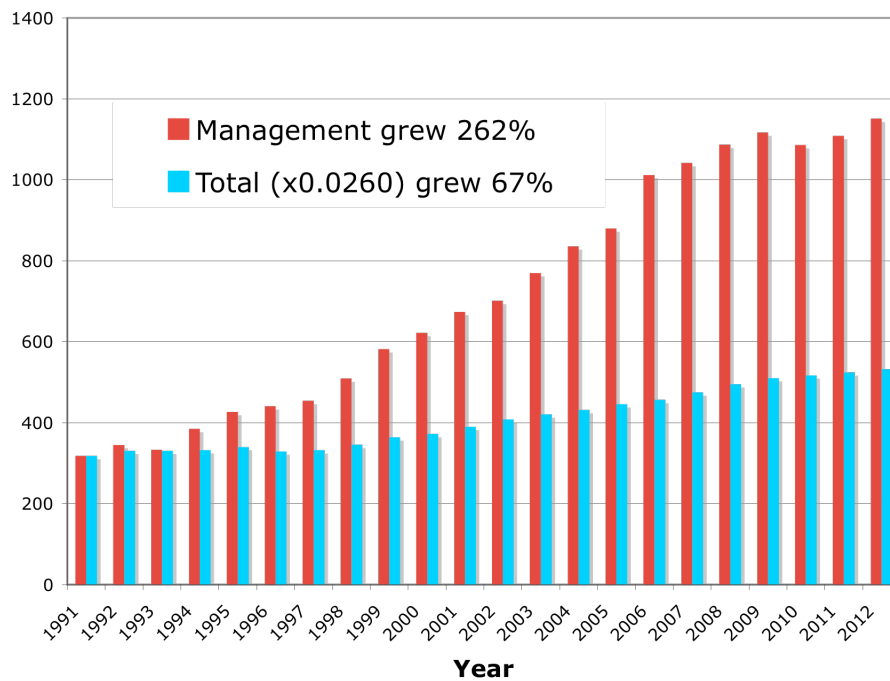

### Growth in Employment (FTE) for UC Los Angeles

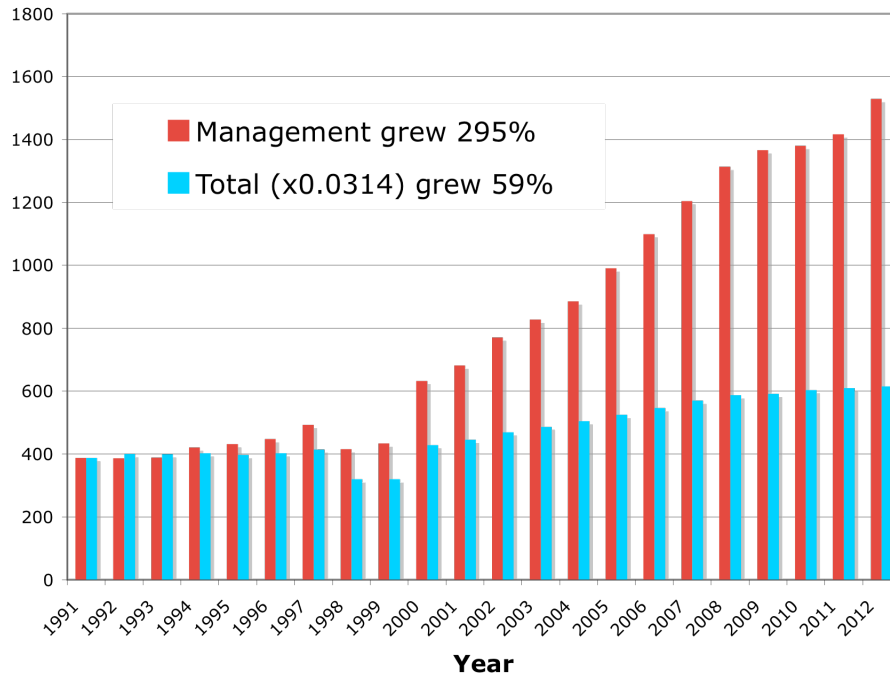

### Growth in Employment (FTE) for UC Riverside

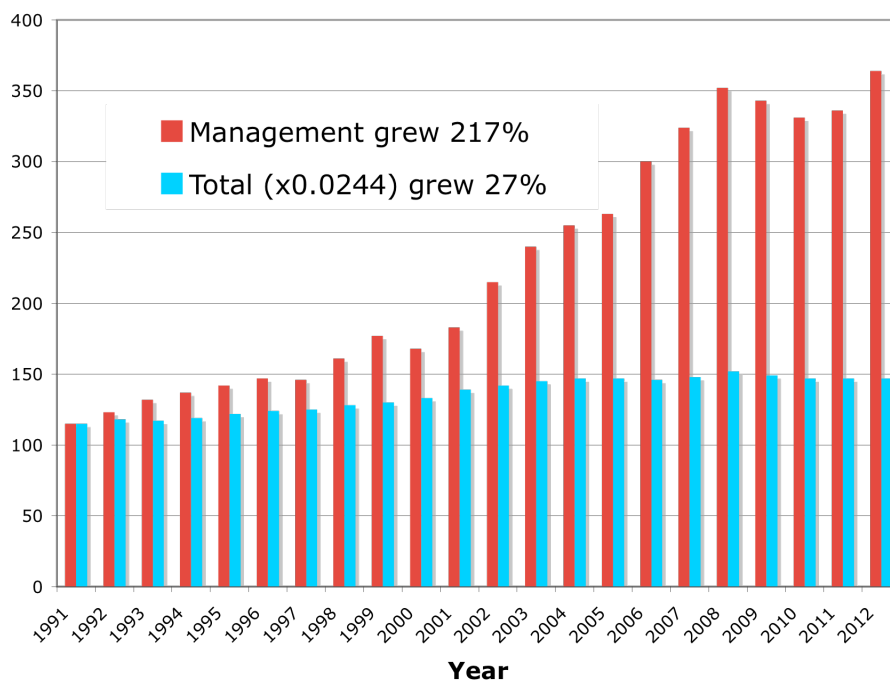

### Growth in Employment (FTE) for UC San Diego

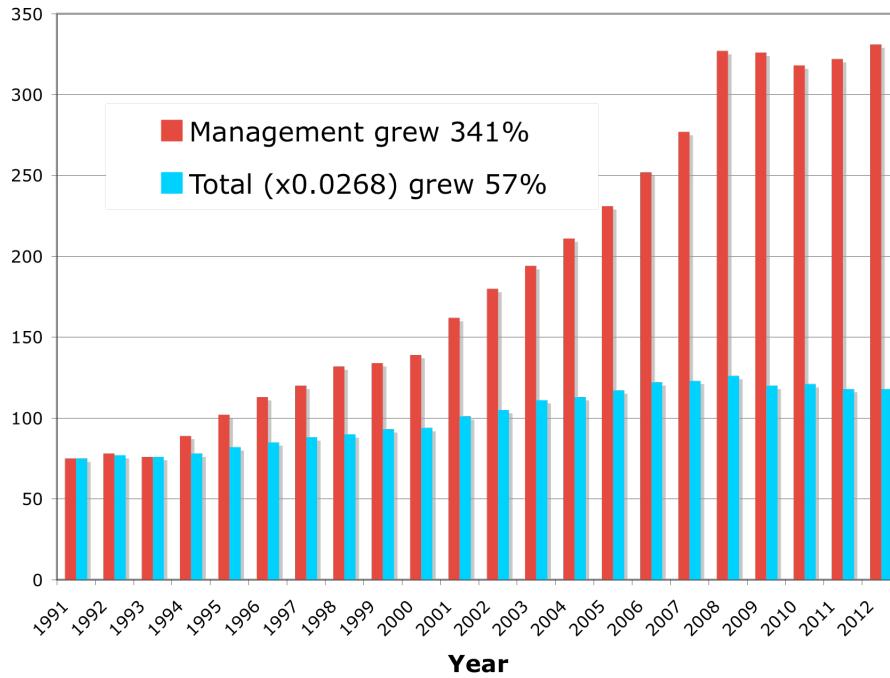

### Growth in Employment (FTE) for UC San Francisco

### Growth in Employment (FTE) for UC Santa Barbara

### Growth in Employment (FTE) for UC Santa Cruz

### Growth in Employment (FTE) for UC OP
